325 Delaware Avenue  
Buffalo, New York

Gentlemen:

An inspection of your property, known as Block 118, Lots 2 through 5, in the Township of Passaic, County of Morris, has disclosed that you have permitted formerly disposed waste materials to come in contact with the waters of this State, and further, that this material contains asbestos.

Attached herewith is an Administrative Order which requires you to initiate certain corrective measures and to take long-term affirmative steps to correct this adverse environmental condition.

We trust you will comply with this Order. If you fail to comply within the specified period, this office will take appropriate legal steps.

Very truly yours,

Beatrice S. Tylutki  
Director  
Solid Waste Administration
